### **Learning Objectives for Participants**

At the conclusion of this seminar, the participant should be better able to:

1. Discuss normal adolescent growth and development, including pubertal, psychological, sexual, and gender-identify development.
2. Discuss adolescent health issues and problems, including abnormal pubertal development, menstrual disorders, depression, substance use, sexually transmitted infections, HIV, risks for unintended pregnancy, gender dysphoria, and disordered eating.
3. Describe and discuss the role of primary care clinicians in addressing adolescent health issues, including skills to conduct a comprehensive adolescent history, motivational interviewing, and manage controversial issues.
4. State and explain strategies to improve adolescent health within the context of global, regional, and local communities.

### **ACCME Accreditation Statement**

Children's Hospital of Philadelphia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

### **AMA Credit Designation Statement**

Children's Hospital of Philadelphia designates this live activity for a maximum of 21.5 AMA PRA Category 1 credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
