Learning Objectives for Participants

At the conclusion of this seminar, the participant should be better able to:

1. Understand the fundamentals of the history & physical exam in pediatric orthopaedics.
2. Diagnose & treat common pediatric fracture patterns of the upper and lower extremities.
3. Discuss the nuances of pediatric hip dysplasia and recognize the variation in screening recommendations.
4. Understand the principles of nonoperative treatment for pediatric spinal pathology.
5. Evaluate and treat the pediatric patient with limb deformity, antalgic gait, and limb length discrepancy.

ACCME Accreditation Statement

Children's Hospital of Philadelphia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA Credit Designation Statement

Children's Hospital of Philadelphia designates this live activity for a maximum of **TBD** *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.
