

**SALZBURG WEILL CORNELL SEMINAR  
ANESTHESIOLOGY AND INTENSIVE CARE  
Sunday, July 2 – Saturday, July 8, 2023  
Schloss Arenberg, Salzburg, Austria**

Course Director: Hugh C. Hemmings, Jr., MD, PhD, FRCA  
Co-Course Director: Oliver Kimberger, MD, MSc, MBA

**SPEAKERS AND TOPICS:**

**Hugh C. Hemmings, Jr., MD, PhD, FRCA**

Joseph F. Artusio Jr. Professor  
Chair of Anesthesiology  
Senior Associate Dean for Research  
Professor of Pharmacology  
Weill Cornell Medicine  
Anesthesiologist-in-Chief  
NewYork-Presbyterian Hospital-Weill Cornell Medicine  
New York, NY  
USA

- Mechanisms of General Anesthesia
- Antidotes in Anesthesia

**Oliver Kimberger, MD, MSc, MBA**

Professor for Perioperative Information Management  
Department of Anesthesia, Intensive Care and Pain Medicine  
Medical University of Vienna  
Vienna  
Austria

- Anesthesia and Intensive Care 4.0
- Temperature Management

**Shelby Badani, MD, MS, MSPH**

Department of Anesthesiology  
Weill Cornell Medicine  
New York, NY  
USA

- Local Anesthetic Toxicity
- Workshop: How to Present a Case
- Regional Anesthesia for Spine Surgery
- Coagulation Workshop
- Coagulation Workshop
- Regional Techniques for Trauma
- Geriatric Anesthesia

**David Baron, MD**

Associate Professor of Anesthesiology and Intensive Care Medicine  
Medical University of Vienna  
Vienna General Hospital  
Vienna  
Austria

- Patient Blood Management
- Perioperative Anemia

**Johannes Gratz, MD**

Department of Anesthesia, Intensive Care and Pain Medicine  
Medical University of Vienna  
Vienna  
Austria

- Perioperative Coagulation Management
- Coagulation Workshop

**Simon Howell, MD, MRCP, FRCA, MSc**

Leeds Institute of Medical Research  
St James's University Hospital  
Leeds  
United Kingdom

- Perioperative Blood Pressure Management in Older Patients
- Diabetic Patient Presenting for Surgery-Beyond HbA1c
- Pros and Cons of Perioperative Troponin Measurement
