

**SALZBURG WEILL CORNELL SEMINAR
DIAGNOSTIC IMAGING****Sunday, September 22 – Saturday, September 28, 2024
Schloss Arenberg, Salzburg, Austria**Course Director: David W. Trost, MD
Co-Course Director: Franz Kainberger, MD**SPEAKERS AND TOPICS:****Suzanne E. Anderson, MD, PhD***Professor of Radiology (AU)
Department of Radiology
University of Bern
Inselspital
Switzerland*

- Sports Imaging: New Aspects
- Imaging of the Hand: Useful Classifications

Lucian Beer, MD, PhD, PD*Assistant Professor of Radiology
Department of Radiology
Medical University of Vienna
Vienna
Austria*

- The Pulmonary Nodule

David A. Boyajian, MD*Vice Chairman
Department of Radiology
Clinical Director of Radiology
Lead Site Physician
Quality Improvement and Patient Safety Committee Chairman
Weill Cornell Medicine
Weill Cornell Imaging at NewYork-Presbyterian
New York, NY
USA*

- Whole Body Imaging for Multiple Myeloma
- The Valuable Radiology Report
- MRI of the Prostate and Recent PI-RADS Developments

Klaus Hergan, MD

*Professor of Radiology
Director of the Department of Radiology
Paracelsus Medical University Salzburg
Salzburg
Austria*

- The Heart is Always There
- Cardiovascular Disease in Women: What the Radiologist Needs to Know

Florian A. Huber, MD

*Radiologist
Head of Ultrasound
Institute of Diagnostic and Interventional Radiology
University Hospital Zurich
Zurich
Switzerland*

- Metabolic Diseases in Adults: The Radiologist's Perspective

Suren Armeni Jengojan, MD

*Consultant Radiologist
Department of Biomedical Imaging and Image-Guided Therapy
Medical University of Vienna
Vienna General Hospital (AKH)
Vienna
Austria*

- Ultrasound: Towards 20 MHz and Higher with US-Guided Pain Management
- MR-Neurography

Franz Kainberger, MD

*Teaching-Center
Division of Neuro- and Musculoskeletal Radiology
Department of Biomedical Imaging and Image-Guided Therapy
Medical University of Vienna
Vienna
Austria*

- Advanced Imaging in Arthritis
- Imaging of the Foot: Useful Classifications

Krishna Kandarpa, MD, PhD

*Director of Research Sciences and Strategy
Office of the Director
National Institute of Biomedical Imaging & Bioengineering
The US National Institutes of Health
Bethesda, MD
USA*

- Accelerating Innovation and Technology Development for IR Through AI

Alan C. Legasto, MD

*Assistant Professor of Radiology
Department of Radiology
Weill Cornell Medicine
New York-Presbyterian Hospital
New York, NY
USA*

- Cardiac Masses
- Interstitial Lung Disease
- Pneumonia: Infectious and Inflammatory

Ammar Mallouhi, MD, MBA

*Radiologist
Division of Neuroradiology and Musculoskeletal Radiology
Department of Biomedical Imaging and Image-Guided Therapy
Medical University of Vienna
Vienna
Austria*

- Advanced MR-Imaging of the Brain
- Cerebrovascular Diseases (Beyond Stroke)

Gerald Paertan, MD

*Radiologist
Department of Radiology
Clinic Donaustadt Hospital
Vienna
Austria*

- What the Non-Pediatric Radiologist Should Know

Andrew D. Schweitzer, MD

Vice Chair for Education

Department of Radiology

Program Director, Diagnostic Radiology Residency

Co-Director, Master of Science in Biomedical Imaging Program

Weill Cornell Medicine

NewYork-Presbyterian Hospital

WCMC-Radiology

New York, NY

- Stroke or Mimic: A Case-Based Review
- Skull Base Trauma
- Neuroradiology Applications of Susceptibility-Weighted Imaging

David W. Trost, MD

Associate Professor of Clinical Radiology

Weill Cornell Medicine

New York, NY

USA

- Fluoroscopy Safety
- Interesting Interventional Procedures

Gerlig Widmann, MD, PD, MSc, EBIR, FCIRSE

Managing Director

Department of Radiology

Tirol Kliniken GmbH

Medical University of Innsbruck

Innsbruck

Austria

- Photon-Counting CT
- Ultra-Low-Dose CT
