

Wolfgang Aulitzky, MD is the Medical Director of the American Austrian Foundation. He is Associate Dean for International Medicine and Distance Learning, Adjunct Prof. of Clinical Urology and Adjunct Prof. of Clinical Reproductive Medicine at the Weill Medical College of Cornell University/New York Presbyterian Hospital. In 2016, he was appointed Adjunct Professor of Pediatrics in the Associated Faculty of the Perelman School of Medicine at the Children's Hospital of Philadelphia. He is also Associate Prof. of Urology at the Medical University of Innsbruck and Visiting Professor at the Medical University of Vienna. Amongst others he is a member of the American, German and Austrian Societies of Urology and was awarded the Zuckerkandlpreis of the Austrian Society of Urology in 1989. In 1995 he received the Silver Medal, in 2007 the Golden Medal for Merits to the Republic of Austria and in 2014 the cross of honor of the Land Salzburg. As Director of the Medical Program of the American Austrian Foundation he has initiated the Open Medical Institute, a scientific and educational collaboration of Weill Cornell and the New York Presbyterian Hospital, the Children Hospital of Philadelphia, Duke University, Columbia University, the Cleveland Clinic and leading hospitals in Austria. Dr. Aulitzky earned his medical degree at the University of Innsbruck in 1977, was a research associate at the University of Uppsala, Sweden and the Rockefeller University, New York. He received his training as an urologist at the University of Innsbruck and the General Hospital of Salzburg. He is the author of more than 140 publications on Urology, Andrology and Health Care issues and is co-author of books on basic and clinical urology/andrology.

Gary J. Lelli Jr., MD (Course Director) is an ophthalmologist who specializes in ophthalmic plastic, reconstructive and orbital surgery. Dr. Lelli grew up in the Northeastern United States, just outside of Philadelphia, Pennsylvania. He attended the University of Michigan in Ann Arbor for his undergraduate studies. He graduated from Mount Sinai School of Medicine and completed his ophthalmology residency at the University of Michigan, where he was chief resident. His sub-specialty training consisted of a two-year American Society of Ophthalmic Plastic and Reconstructive Surgery (ASOPRS) fellowship in New York City at Columbia University, New York Eye and Ear Infirmary, Manhattan Eye, Ear and Throat Hospital and New York University. Dr. Lelli's research interests include clinical and anatomic aspects of the eyelids, orbit and lacrimal system. Current studies are investigating reanimation of facial palsy patients with nanomagnets and collaborative efforts with otorhinolaryngology studying novel surgical treatments for lacrimal disease. Dr. Lelli is currently on the faculty of Weill Cornell Medical College and New York Presbyterian Hospital, where he serves as Vice Chairman, Associate Professor of Ophthalmology and Director of Ophthalmic Plastic, Reconstructive and Orbital Surgery. Gary lives in New York with his wife (Kelly), four children (Michael, Grace, Nora and Emily).

Jeffrey F. McMahon, MD is a US board-certified ophthalmologist, and serves as Assistant Professor of Ophthalmology for the Weill Cornell Medical College. He completed his medical training in Philadelphia at Jefferson Medical College. Subsequently, he completed his internship and general medical training at Albert Einstein Medical Center, followed by his residency at Wills Eye Hospital, where he served as chief resident in his final year of appointment. In clinical practice, he enjoys evaluating and treating a wide variety of pathology as a comprehensive ophthalmologist. He currently teaches and operates with resident physicians, and his specialty interests include complex cataract and anterior segment surgeries, minimally invasive glaucoma surgeries, and academic global ophthalmology. His hobbies include traveling, playing tennis, pursuing outdoor activities including hiking, skiing, and surfing, artistic endeavors such as painting and sketching, and exploring New York City with his wife and two children.

Thanos Papakostas, MD is a board-certified retina specialist and Assistant Professor of Ophthalmology at Weill Cornell Medical College. Dr. Papakostas specializes in the medical and surgical treatment of vitreoretinal diseases, including conditions such as age-related macular degeneration, diabetic retinopathy, retinal vein occlusions, epiretinal membrane, macular hole, vitreomacular traction, primary and complex retinal detachment, proliferative vitreoretinopathy, pediatric retinal detachments, floaters, vitreous hemorrhage, trauma, endophthalmitis, infectious retinitis and transconjunctival sutureless scleral-fixated intraocular lenses. Dr. Papakostas received his MD from National and Kapodistrian University of Athens, School of Medicine. He completed a Research Fellowship at Massachusetts Eye and Ear Infirmary, Harvard Medical School followed by Residency, Medical Retina/Research Fellowship and Vitreoretinal Fellowship all at Massachusetts Eye and Ear Infirmary, Harvard Medical School. Dr. Papakostas has received multiple awards including the prestigious Ronald G. Michels Fellowship Foundation Award, given to the most outstanding retina fellows in the country. During his training at Harvard Dr. Papakostas managed the most challenging medical and surgical retinal conditions, including trauma and proliferative vitreoretinopathy. Dr. Papakostas is actively engaged in clinical and basic science research in retinal diseases and has published over 70 peer-reviewed research articles and book chapters. He has presented his research at national and international meetings. Dr. Papakostas serves as scientific reviewer to multiple major ophthalmic journals.

Paul Petrakos, DO, MS is an Assistant Professor of Ophthalmology at Weill Cornell Medicine. He is a fellowship-trained glaucoma specialist, specializing in the evaluation and treatment glaucoma, including medical management, laser, and surgical procedures. He also performs cataract surgery and is up-to-date on the latest advances in minimally invasive glaucoma surgery (MIGS). A native New Yorker, Dr. Petrakos graduated from Stony Brook University before attending the New York Institute of Technology College of Osteopathic Medicine. Here he served as an Academic Medicine Scholar and received a master's degree in Neuromusculoskeletal Sciences. Dr. Petrakos completed his residency at NewYork-Presbyterian Hospital/Weill Cornell Medical College. He then continued his training at the Massachusetts Eye and Ear Infirmary, Harvard Medical School, completing his glaucoma fellowship and receiving specialized training in trabeculectomy, glaucoma drainage device implantation, laser trabeculoplasty and iridotomy, complex cataract extraction, laser-assisted cataract extraction, implantation of astigmatic (toric) and multi-focal intraocular lenses, and minimally invasive glaucoma surgery. Dr. Petrakos is committed to providing personalized glaucoma and cataract care supplemented by the newest technologies, instruments, and techniques. He is an author and co-author of a number of journal articles and book chapters. His areas of clinical and research interest include ocular imaging, medical and surgical treatments of glaucoma.
